There's a special one part story for you to read this week, with Lion-O hunting for a giant thundrillium crystal that appears to him in a dream. Thundrillium is a rich source of energy for the Thundercats, and this crystal is so big that it could provide them with heat, light and power for years and years. Find out whether Lion-O succeeds in his quest by reading The Heart of Xurmidur. Then you can read the third part of the Dr. Dometone adventure. All in all, there's more fun and excitement than you ever thought possible!
