Original by William Overgard
Rewritten by Shay Leona

Opening Scene:

The Tower of Omens stood proudly in the middle of a random desert near Darkside. Snarfer and Lynx-o were monitoring the area as Lion-o walked in from aimelssley roaming the area.

Lion-o: Hey everyone, where's Snafer?

Snarf: We decided not to cook today, so he went to get Mexican take out at Robear Roberto's Taco Stand in the Berbil Village

Lynx-o: Chili con Carne

Snarf: Refried beans

Lynx-o: Beef enchiladas

Snarf: Guacamole!

Lion-o stopped them from continuing: Stop, stop you're really confusing me.

Snarf: What's wrong Lion-o?

Lion-o (to Snarf annoyingly): Is there even such a thing here on 3rd Earth?

Lynx-o: Why yes Lion-o, that's why we decided to order it. Is there a problem?

Lion-o: Well, I mean, I just can't make sense of what's going on. Who's Robear Roberto?

Snarf: He's one of the Robear Berbils, Lion-o

Lion-o: Well I've never met him. And where is his taco stand?

Snarf and Lynx-o exchanged looks of concern at the young lord.

Lynx-o: Um Lion-o, is there something else troubling you, son?

Lion-o: Yes, Lynx-o, yes there is! I'm upset that none of this makes sense.

Snarf jumped down from the Braille board controls and stood on his tail: Well geez Lion-o, this IS and Overgard episode. What do you expect?

Lion-o stood up with a gleam of anger in his eye: Overgard! I might have known he was behind this! (clutches his hands on his sword).

Lynx-o: But no Lion-o, it's okay. Shay Leona is rewriting this episode so there are going to be some changes.

Snarf looked around nervously: Reowr, you know how random her writing can be.

Lion-o looks down at Snarf with ease: Well yes Snarf, but she is logical and has common sense, and that is exactly what this episode needs. (Lion-o's speech giving theme music comes on) No more random characters written in to make no sense. No floating in space with out a helmet and surviving. And no more confusing plots. Yes, this will be a true Thundercat episode. Full of Justice, Truth, Honor, and Loyalty! Lion-o puts his hand on his chest and looks off in the distance with pride. Lynx-o and Snarf look at each other and scratch their heads. Lion-o realizes he went off on a tangent and comes back to reality.

Snarf decides to change the subject: Well, that makes me feel better. Hey, at least I won't get electrocuted, snarf snarf.

Snarf rubs his stomach and walks back to the controls: Reowr I'm starved! Snarfer should be here soon." He pressed the communicator button and contacted Snarfer. "Snarf calling Snarfer. Where are you?"

(Scene changes to Snarfer's small spaceship flying right above 3rd Earth's atmosphere)

Snarfer: Hey uncle I'm here. I took the long way home to Darkside.

Snarf twists his face in confusion: Why?

Snarfer: I dunno, I just thought it would be a good idea to just enjoy my ride home. Yep. Ohhhhh snarfer snarfer, the food is overheating!

Snarf: Well doofus, of course hat's happening! Your engine has been on for hours, because you decided to take the long route. You were supposed to be here an eon ago."

Snarfer began to nervously bite his claws as the spacecraft began beeping and the food began to steam and boil.

Snarfer: Well, you sure won't have to worry about it being cold, hee hee.

From a few feet behind the spaceship, Chilla, the ice Lunatack was flying impatiently.

Chilla: I really need him to move it. I've got a hot date tonight and at the rate I'm going, I'm going to be extremely LATE!

All of a sudden there was a faint musical tune coming from Snarfer's spaceship that caught Chilla's attention.

Chilla: What on the 2nd Moon of Plundarr…..

The music was soon followed by a loud, annoying out of tune singing.

Snarfer (singing): Hot Rocket Baby….yeah….hot…wait, wait no. I think I'll listen to something else. (changes his CD player) AAAAH THIS SONG IS PERFECT!

(Intro to Journey's "Don't Stop Believing" comes on and Snarfer begins to sing): Just a small town girl, living in a lonely worrrrrld. She took the midnight train going anywhere….."

Chilla couldn't believe her ears: Journey! He's listening to Journey! NOOOOOOOO! Chilla rummaged through her CD collection to find her Evanesence CD but remembered that Tug Mug broke it.

Chilla: Oh the torture! I have to stop this now!"

Meanwhile, Snarfer continued to sing the 80's soft pop ballad off key.

Snarfer: Some wiiiiiiinnnn, some always loose, some want to sing the bluuuuuuues. And the movie just keeps playing it goes on and on and on and…..AAAAAAHHHH!

Snarfer's singing session was ended by a big crash against his spaceship. When he came back to reality, he realized that the passenger side of the spaceship had been frozen and he had just been side swiped. The space ship was frozen solid and began to crash.

Snarfer: Ohhhh it's cccccold. And my spaceship's about to crash.

Off in the distance a space bike flew at full speed towards Chilla's aircraft. Of course it's the First Class Evil Chaser Officer Mandora coming to the rescue.

Chilla: Oh crap! A space cop!

Mandora on the megaphone: This is officer Mandora, first class Evil Chaser, pull over your vehicle right now!

Chilla rolled her eyes and began to land the Icerunner. When they finally reached Third Earth, Mandora stepped out of the Electro-charger and approached the ice Lunatack.

Chilla(sarcastically): Geez officer, was I going too fast? (Rolls eyes)

Mandora: Too Fast, Too Low and Tooooo bad! I'm writing you up for allegedly leaving a scene of a side swipe!
Chilla: What the hell?

Mandora: Don't bad mouth me! License and registration please!

Chilla: Why would I have that? How would I have that, there's no DMV!

Mandora: That is no excuse! Now I'm writing you a ticket for that!

Chilla rolled her eyes and iced Mandora on the neck and flew off. Mandora struggled for her breath and was approached by a concerned Snarfer.

Snarfer: Oh no! Chilla iced officer Mandora! I think I have just the thing to fix it, yep!

Snarfer ran over to the Mexican take out food and gave her some hot sauce.

Minutes later…….

Mandora (coughs): What was that you gave me? Some kind of secret space medicine?

Snarfer: Not it's hot sauce from the Mexican takeout I'm delivering to the Thundercats. But now that my spaceship's crashed I have no way to deliver it.

Mandora: Well let's deliver it together. I need to discuss a deal with the Thundercats anyway.

Snarfer gets excited and hops on the Electro-charger with the food: Oh Boy!

Tower of Omens:

Lion-o, Lynx-o and Snarf are at the controls monitoring the area and suddenly a petite and GORGEOUS ;) leopard walks in the room.

Lion-o: Shay, what a pleasant surprise!

Shay Leona: Hey guys!

Lion-o: What are you doing here?

Shay Leona: I just feel the need to be here.

Lion-o: But aren't you supposed to be writing this episode?

Shay Leona: Yes

Lion-o: How are you doing both?

Shay (raises a brow and grins): Oh I have my ways Lion-o, I have my ways.

Lion-o flashes a grin then the communicator goes off.

Mandora: This is officer Mandora, Evil First Class Chaser requesting permission to land

Lion-o: Permission granted.

Shay (rolls her eyes): Oh goodness…..

Mandora and Snarfer enter the control room.

Snarfer: Oooh you guys will never believe what happened. I got side swiped by Chilla and she iced officer Mandora and-----

Snarf: Where the hell is our Mexican take out food!

Snarfer: Oh it's here but it may be a little, chili (cue drums)

Lion-o walks over to Mandora: Hello Mandora, it's nice to see----

Mandora: I'm sorry Lion-o but I don't have any time for pleasantries. I have a warrant out for Chilla's arrest.

Lion-o: Oh?

Mandora: I need a way to get into Darkside and I was born to know that you guys have a way of getting through.

Shay, Lion-o, Snarf and Snarfer exchange confused looks to Mandora's weird statement.

Lion-o: Well Mandora, this is Lynx-o. He can get you through the Forest of Mists to get to Dark Side with his Braille board.

Mandora (looks Lynx-o up and down): Well you look good for your age.

Lynx-o: Well thank you Mandora, I can sense that you don't look too bad yourself.

Shay (groans): Great Jaga give me a break!

Mandora (bites her lip): Okay Lynx-o leeeeeet's go!

Snarf: I think you guys should wait until Chilla comes out so you can catch her.

Mandora: Oh no, she broke the interplanetary law and she has to pay.

Lynx-o: The law is the law.

Shay looks at Mandora and Lynx-o back and forth: Are you guys crazy! You will fall directly into her trap!

Mandora (looks at Shay and scoffs): And just who do you think you are?

Shay: I'm Shay and I'm smarter than you.

The others gasp as Mandora puts her hands on her hips.

Mandora: I've been an Evil Class First Chaser Woman Police Cop person for years. And you have no say so to what I have to say.

Shay: I'm just telling you. It's a bad idea.

Mandora ignores the leopard and grabs Lynx-o and leaves the Tower of Omens. Shay looks at Lion-o and folds her arms.

Shay: I guarantee you that your sword is going to growl in a few minutes.

Minutes Later…..

Lion-o, Shay and the snarfs sat at the Tower of Omens trying to pass time then suddenly The Sword of Omens growled with warning.

Lion-o: Danger!

He looks through the hilts and sees Mandora and Lynx-o getting ambushed by the Lunataks. He slowly pulls the sword away as the hilts uncurl and looked at Shay who had a know it all look on her face.

Shay (buffs her claws): Told ya!

Lion-o begins to run towards the door to go save them and Shay stops him.

Shay: No, Lion-o! Don't even worry about it I've got a better idea. Let me handle it.

Lion-o looks at Snarf for reassurance.

Snarf: Reowr, well, she's been right so far.

Announcer-Thundercats will return after these messages!
Part Two coming soon…….
